SC DHEC, Bureau of Air Quality, has received Conditional Major Operating Permit Applications for these facilities, and has drafted operating permits that, if approved, will limit each facility's potential to emit to below Title V Major Source thresholds, therefore restricting them from Title V Major Source status as defined in SC DHEC Regulation 61-62.70 "Title V Operating Permit Program." Interested persons may review the materials drafted and maintained by DHEC for these facilities and submit written comments on the draft permit(s) by January 19, 2008, to Diane Humphries at the above DHEC address. All comments received by January 19, 2008, will be considered when making a decision to approve, disapprove, or modify the draft permits. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Karen Lee at the above DHEC address or by e-mail at: leeka@dhec.sc.gov. If a public hearing is requested and scheduled, notice will be given in this newspaper thirty (30) days in advance. A final review request may be filed after the permit decisions have been made.
